Local Assistance Dispute Resolution Process

I. BACKGROUND

The Local Assistance Dispute Resolution Process (LADRP) is an appeal process for local agencies to use when they disagree with the decision they receive from the district office concerning their local assistance funded project on or off the State Highway System (SHS).

This process is intended to address all local assistance funded project disputes off the SHS. For local assistance projects on the SHS, the LADRP is limited to disputes involving sanctions, invoices, local assistance policy or procedures, or other E-76 related issues between Caltrans and the local agency. This LADRP is not intended to address cooperative agreement or encroachment permit requirements, project scope disagreements, design standard discrepancies, or other technical issues on SHS projects.
